

BE READY FOR ANYTHING, BECAUSE

WE HAVE A WHOLE WING FOR TACTICAL TRAINING!

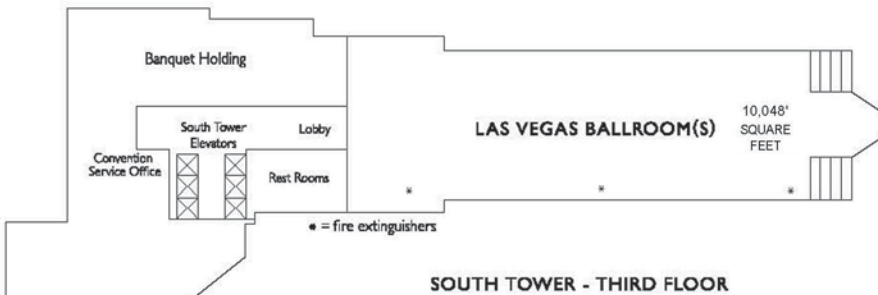

After years of commandeering as much of Bally's Hotel & Casino as we needed to provide the absolute best training experience, they finally gave us our own wing.

For the first time ever, the U.S.N.S.T.A. will have the entire South Tower all to ourselves. Two full floors of multi-point entry rooms, hallways, stairways, galleys, lobbies, rest rooms, elevators and escalators. And its all ours to use as we want with no interruptions!

The Pacific Ballroom complex will house all Check-In, Vendor Exhibitions, Controlled F.O.R.C.E. Departmental Instructor Certification Training, and other training, presentations, and demonstrations.

Over 30,000 square feet at our disposal

The Las Vegas Ballroom complex will be utilized for F.O.R.C.E. Active Shooter Training, including room entry, searching, and clearing of corner feed rooms, center feed rooms, stairways, hallways, and multiple entry/exit points.
